

The Chicago Lantern

This Prairie-influenced fixture has many possible uses for both interior and exterior spaces. The flush wall version, for instance, is popular for stairwells and hallways, while the chain and flush hung versions are often installed in porches, foyers, and hallways. Lantern sizes range from small to very large, so call our customer service department if you have questions about selecting the correct size. The Chicago Lantern may be custom modified for commercial compact fluorescent lamping.
