

## Studio Lantern

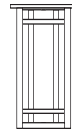

The Studio Lantern reflects the strong oriental influences on Prairie School architecture and design. Its linear proportions and simplicity of design have made the Studio Lantern one of our most popular fixtures. Available in a variety of sizes, mounting styles and overlay choices. Most Studio Lantern fixtures can be used in either interior or exterior locations. The Studio Lantern may be custom modified for commercial compact fluorescent lampping.

### Overlay Options

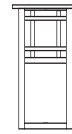

When ordering the Studio Lantern please include an overlay option after the model number.

## Cascade Chandelier

Many customers have requested that we create a cascade fixture using our Studio Lantern (*opposite page*). We now offer two Cascade Chandelier styles: with lanterns offset and with lanterns even, each with three size options. The Cascade is popular for kitchen islands, but can be used for dining rooms and foyers as well.

### Overlay Options

When ordering the Cascade Chandelier please include an overlay option after the model number. Example: PA-458-2105-04-FS
